Safeguarding Policy

(formerly titled 'Child Protection Policy')

Purpose and Aim of this Safeguarding Policy

EF Academy Torbay is a 14 to 19 boarding school and we are committed to safeguarding and to promoting the welfare of all of our students. Each student's welfare is of paramount importance. All staff and volunteers will endeavour to work together to encourage the development of an ethos of openness and challenge, which embraces difference and diversity and respects the rights of all members of the community.

This Policy is reviewed at least annually by the Headteacher, Designated Safeguarding Lead (DSL) and the Senior Leadership Team, and more frequently if legislation or guidance requires.

This policy applies to all adults, including volunteers, working in or on behalf of the school, who are required to read it and sign a declaration that they understand their responsibilities under this policy.

The purpose of this policy is to protect children at EF Academy Torbay and to provide our staff with the overarching principles that guide our approach to safeguarding. EF Academy Torbay believes that a child should never experience abuse of any kind and that all children have a right to a safe environment in which to live and study. At the school, we all have a responsibility to promote the welfare of all children and to keep all of them safe. We are committed to practice in a way that protects them.

If you have a concern about a child, contact one or more of the following people or agencies. If a child is in danger or at risk of immediate harm dial 999 and ask for the Police.

You can also raise your concerns with any of the Designated Safeguarding Leads or any member of school staff.

Definition of Child and EF Academy's role in Safeguarding

As in the Children Acts 1989 and 2004, a child is any individual who has not yet achieved his/her 18th birthday.

“Education staff have a crucial role to play in helping identify welfare concerns and indicators of possible abuse or neglect at an early stage” (Working Together to Safeguard Children)

Links to Relevant Law and Guidance

This policy has been drawn up on the basis of law and guidance that seeks to protect children, namely:

- Our statutory duty under section 175 of the Education Act 2002 to ensure that arrangements are in place for safeguarding and promoting the welfare of children.
- Our duties under the Children Acts 1989 and 2004 which enshrine the welfare of children as paramount, the United Nations Convention of the Rights of the Child, 1991, the Data Protection Act 1998, the Sexual Offences Act 2003, the Protection of Freedom’s Act 2012 and the relevant government guidance on safeguarding children, such as Working Together to Safeguard Children 2013 and 2015, to work together with other organisations and partners in order to achieve this.
- Our commitment under Keeping Children Safe in Education 2015 and updates to the guidance contained therein for all staff to make safeguarding children in our care a priority with the realization that ‘it could happen here’ (KCSIE, 2015). All of our staff read at least part 1 of KCSIE, 2015 and sign to see that they have read it. All staff sign to say they have read it.
- Our Common Law duty to protect and keep children safe whilst in our care.

Furthermore, we fully acknowledge our responsibilities for child protection and recognise that through our day to day contact with children, school staff are well placed to identify signs of risk and harm.

- We recognise that for children high self-esteem, confidence, risk awareness and good lines of communication help to reduce risks.
- We recognise that for some children school may be the only stable, secure and consistent environment in their lives.
- We will make all parents/carers aware of the role and responsibilities of the school with regard to safeguarding and promoting welfare and of the existence of this and other related policies (listed later) through our school website and parent handbook

- We make all students aware of how we safeguard them through induction at the school and at the residences and host families, the student and residence handbooks, assemblies, tutorial time and PHSEE lessons.
- This policy should be read in connection with other safeguarding related school policies:
 - Rewards, Sanctions and Behaviour Policy
 -
 - Safe Recruitment Policy
 - SEND Policy and Procedure
 - Acceptable Use of Technology Policy,
 - Anti-bullying Policy,
 - PSHEE Policy
 - Whistleblowing Policy
 - Staff Code of Conduct
 - Boarding Staff Handbook
 - Attendance Policy
 - Equality Policy
 - Complaints Policy

Objectives and Scope of Policy

To provide a safe, secure, inclusive and consistent environment for all children regardless of age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, racial heritage, religion/belief, disability, sex (gender), sexual orientation, sexual identity, ethnic background, religious faith, appearance, issues in the family, ethnic or national origin or because of cultural background, linguistic background, special educational needs, or academic or sporting ability. We also recognize that some children are additionally vulnerable because of the impact of previous experiences, their level of dependency, communications needs or other issues.

Our goal is to provide an environment in which all students feel safe, supported, valued, respected and listened to by working in partnership with children and their parents, and other agencies.

We will seek to keep children safe by:

- Establishing an environment in which children are and feel safe and can learn, develop, feel valued and respected and have a voice.
- Adopting child protection and safeguarding practices through the procedures outlined in this policy and related policies and our code of conduct for all our staff.

- Adopting safe recruitment practices to check the suitability of staff, volunteers and visitors to the school. We will also ensure that procedures are in place to prevent the unsupervised access to children of adults who have not undergone such a checking process.
- Having measures in place to facilitate and promote the safe use of technology (in line with the local authority guidance on e-safeguarding), and developing and implementing an effective e-safety provision through outside providers that supports our acceptable use policy and related procedures.
- Raising the awareness of children and equipping them with the skills and knowledge needed to keep safe.
- Ensuring that children develop the ability to protect themselves and others from radicalisation and violent extremism through the promotion of British values.
- Having in place procedures for the identification and reporting of cases where harm or risk of harm to a child is suspected and ensuring that all staff are aware of such procedures.
- Supporting children who have suffered abuse or neglect or who are otherwise vulnerable (e.g. children living away from home), where appropriate, in accordance with their agreed child protection/care plan.
- Monitoring and reviewing our safeguarding and child protection practices, procedures and internal training materials regularly.
- Ensuring that the child's wishes or feelings are taken into account when determining what action to take and what services to provide to protect individual children through ensuring there are systems in place for children to express their views and give feedback.
- Sharing information about child protection and good practice with children, parents, staff and volunteers.
- Sharing concerns with agencies who need to know and involving parents and children appropriately.

- Ensuring clear reporting procedures for allegations or suspicions of abuse, in summary:

Allegations against staff and volunteers are reported to the Headteacher or the designated safeguarding lead (DSL). If the report is made to the DSL about a member of staff or volunteer, the DSL informs the Headteacher. Allegations or suspicions of abuse against the DSL are reported to the Headteacher. Allegations or suspicions of abuse against the Headteacher are reported to the proprietor/s and Safeguarding Governor without informing the Headteacher.

Working with other agencies

The school, through the DSL maintains positive working relationships with a number of external agencies to support the implementation of our safeguarding policy. These agencies include:

- Torbay Children's Services Safeguarding Hub
- The local Police Intervention team
- Check Point, Torquay (The Children's Society).

Roles and responsibilities

We recognise that all staff, regardless of their role have a duty to safeguard children and promote their welfare. Our policy applies to the whole school community: all teaching and non-teaching staff whether based at the school or in the residences, governors, volunteers and visitors working in the school. The Governors and the Designated Safeguarding Lead will have particular responsibility for safeguarding and child protection within the school.

The Senior Leadership Team (SLT) is responsible for:

- Ensuring the school has a child protection policy and procedures in place that are in agreement with national and local authority guidance and inter-agency procedures, and the policy is made available in a range of formats, including being available on the school website.
- Ensuring the school maintains a safer recruitment protocol and ensures that all necessary checks are applied to all staff and volunteers who work with children.

- Ensuring the school has procedures in place for addressing allegations of abuse against staff and volunteers that are in accordance with guidance from the local authority and local inter-agency procedures.
- Establishing an environment in which children are and feel safe and can learn, develop and have a voice.
- Providing a Designated Safeguarding Lead and Guidance Counsellors who are all known to parents/carers, staff and students.
- Ensuring quality teachers who know the children in our care really well and cater for their individual needs.
- Providing senior peers as buddies, especially during induction.
- Having an active and effective student council.
- Ensuring that our buildings and site are secure and visitors to the school are properly checked and supervised.
- Ensuring that we have up-to-date policies in place for health and safety, PSHEE (including Sex and Relationships Education), Rewards, Behaviour and Sanctions (including Bullying, Racist and other discriminatory incidents and use of reasonable force), Attendance, Equality, Anti-Bullying including internet/mobile, Whistle blowing, Acceptable Use in relation to the use of technology (including mobile phones and photographic equipment).
- Ensuring that these policies and procedures are fully understood and adhered to by all staff.
- Ensuring that all staff are risk aware and carry out risk assessments as appropriate to their individual role and responsibilities.
- Ensuring that all staff, governors and regular visitors and volunteers have been made aware of the Keeping Children Safe in Education, 2015, Part 1, the DfE Working Together to Safeguard Children and Guidance for safer working practice for those working with children and young people in education settings, 2015 (Safer recruitment Consortium). There are copies of the document on the G-drive and in the staff work-room. There is also a school specific Code of Conduct for Safe Working Practice. All staff sign to say they have read these documents.
- Following the LSCBs (Torbay) procedures (Managing allegations and concerns regarding staff, carers and volunteers working with children and young people 2011) for dealing with allegations and concerns about staff (paid or unpaid, temporary or permanent). Where

such an allegation or concern arises, the Head Teacher should be notified. The Head Teacher will ensure the Local Authority Designated Officer (LADO) is notified. Where such an allegation is made against the Head Teacher, the matter will be referred to the DSL and the chair of Governors who will likewise notify the LADO.

The Head Teacher should ensure that:

- child protection policies and procedures approved by the School Board are fully implemented, and adhered to by all staff
- staff undertake regular and appropriate training in child protection procedures
- any flaws or weaknesses regarding child protection procedures are addressed as a matter of urgency and without delay
- policies and procedures are extensively reviewed annually by the Head Teacher, DSL and SLT
- all staff can access the school's safeguarding/child protection policy
- adequate resources and time are apportioned to enable the school's staff member with responsibility for child protection, currently the DSL, to carry out their responsibilities
- all staff and volunteers are given opportunity to raise concerns about weak or dangerous practice in regard to children's welfare, and such concerns are met with consideration and sensitivity.

The DSL should ensure that:

- all staff members know who the DSL and Deputy DSL are and achieves this by (a) producing information that is posted at school premises and (b) meets with all newly appointed staff within the first 5 days of their employment.
- all staff understand their safeguarding responsibilities and can recognise how to identify possible signs of abuse or concern and how to report them;
- all cases of suspected abuse are referred to the local authority children's social care and:
 - the designated officer(s) for child protection concerns (all cases which concern a staff member),
 - Disclosure and Barring Service (cases where a person is dismissed or left due to risk/harm to a child); and/or
 - Police (cases where a crime may have been committed).
- all new staff take part in induction training and ongoing training that includes safeguarding and safe working practices training to keep them aware of updates to the school's reporting procedures, relevant personnel and changes to legislation, etc.;

- the DSL understands how LSCBs (Local Safeguarding Children’s Board) operate and be able to attend and contribute to these;
- the DSL’s training is in accordance with local agreed procedures (Level-3, refreshed at least every two years). The DSL keeps up-to-date with legislation, obtains access to resources and attends any additional relevant training courses that the DSL, safeguarding governor or Head Teacher identifies as ensuring the school’s safeguarding and child protection provision;
- all staff are aware that the DSL is the school’s safeguarding expert and should be the first point of contact for advice, guidance and support on all child protection matters;
- Ensure that appropriate safeguarding materials and guidance for students and staff are displayed, made available electronically and in hard copy and are used to raise awareness of child protection practice.

All staff and volunteers:

- maintain at all times an ‘it could happen here’ attitude
- are fully conversant with the school’s policies and procedures to ensure that the safety of all students is a priority
- attend appropriate training
- identify students who may be at risk
- inform the designated safeguarding lead of any concerns immediately
- all staff and host families are trained to recognize that staff in school are uniquely well-placed to observe any physical, emotional or behavioural signs which signify that a student may be suffering harm
- the relationships between all school staff, house-parents, host families and students is one which breeds respect, confidence and trust and therefore enables children to feel able to make disclosures of abuse, and/or enables staff to discovering evidence of abuse.

Further Detailed Guidance

Safer Recruitment and Selection

The school pays full regard to DCSF guidance “Working Together To Safeguard Children 2015 ” and all of the relevant updates to this and other safeguarding guidance, up to and

including KCSIE 2015 and the changes made to the mandatory KCSIE guidance in July 2015.

We ensure that all appropriate measures are applied in relation to everyone who works in the school including volunteers, staff employed by our contractors (e.g. airport transfer drivers and catering staff at school and the residences that come into contact with our students).

The school's safer recruitment practice includes an advertising campaign that makes clear that safeguarding is a priority at our school, a job description that makes clear when a role involves working with children, a rigorous shortlisting procedure by panel, interviews with probing safeguarding questions with at least one person on the panel (two if possible) who has had safe recruitment training, checking the backgrounds of appointees, verifying identity and academic or vocational qualifications, obtaining professional and character references, checking prior employment history and establishing that a candidate has the necessary health and physical capacity for employment.

Our Safer Recruitment practice also includes undertaking interviews and, where appropriate, Disclosure and Barring Service checks. We recognise our responsibilities under the Vetting and Barring Scheme and understand our legal responsibility to refer to the agency any cases which fall within the referral guidance.

The Head Teacher, or their nominated representative, ensures they have seen evidence of appropriate child protection checks and procedures for non – EFA staff who work with our students at other sites (eg: sports centres, residential, etc.)

In order to ensure child safety the following checks are carried out in accordance with government requirements:

- a DBS Enhanced Disclosure is obtained for all staff in accordance with statutory guidance, including additional checks for staff with management or SLT responsibility
- All teachers will be subject to an additional check to ensure that they have not been prohibited from teaching or that they are subject of a suspension or conditional order imposed by the General Teaching Council for England (prior to abolition) that is still current
- a DBS Enhanced Disclosure for any staff following a significant break in service
- a single central record is maintained by the Administrative Officer, detailing the range of checks carried out on staff

- all new appointments to the school workforce who have lived outside the UK are subject to additional checks as appropriate.

Please also refer to the Safe Recruitment and Selection Policy for more detailed guidance.

Safe Professional Practice

Through induction, peer mentoring and ongoing Safeguarding and Safe Working Practice training and materials, the school ensures that staff:

- are fully conversant with this safeguarding policy and related policies;
- take responsibility for their own actions and behaviour and know to avoid any behaviour which would lead to the questioning of their motivation and intentions;
- carry out their duties in an open, transparent and professional manner and **maintain an ethos of openness and challenge;**
- discuss or solicit advice from the DLS and/or school leadership team over any issue which is causing them concern or anxiety with regards to a child or the behavior/attitude of an adult responsible for their care;
- record and report any incidents or disclosures made;
- are aware that ignoring the law or other professional guidelines could result in criminal or disciplinary proceedings.

The Headteacher will provide for a report to be sent promptly to the Disclosures and Barring Service (DBS) if the school dispenses with a person's services because of unsuitability to work with children or would have done so had the person not resigned. Consideration is given to making a referral to the National College for Teaching and Leadership (NCTL) where a teacher has been dismissed (or would have been dismissed had he or she not resigned) and a prohibition order may be appropriate, because of 'unacceptable professional conduct', 'conduct that may bring the profession into disrepute', or a 'conviction at any time for a relevant offence.'

Identification and reporting of cases where harm or risk of harm to a child is suspected

All staff are responsible for reporting any concerns about the welfare of a child to the Designated Safeguarding Lead. These concerns will then be followed up and dealt with appropriately by the DSL, who will ensure these confidential records are kept securely.

It is the responsibility of the Designated Safeguarding Lead (DSL) to have discussions with Social Care (Torbay Safeguarding Children Board's hub and/or the police) when concerns arise regarding the safety of a student in this school. All such students are closely monitored, including attendance, and where extra concerns arise these are passed on to the appropriate agencies.

Advice and support are offered to other members of staff dealing with a student for whom there are concerns.

Through training, all staff (teaching and non-teaching) will be made aware of all their responsibilities concerning safeguarding and child protection. They will be able to recognise the signs of abuse and understand their responsibilities to report when a child may be at risk of harm. Basic training of all staff will be updated **yearly**. Pastoral staff required to be trained at LSCB Foundation Level 3 (e.g. Guidance Counsellors, DSL, DDSL, Accommodation Officer, House Parents, Welfare Support) will update to that level every **two** years. The Head Teacher and members of staff engaged in regulated activity (pastoral) have regular child protection training renewed as specified by the Torbay LSCB Foundation Level 3 by being trained/refreshed at least every **three** years. Temporary and voluntary staff are made aware of the arrangements for training and reporting. SLT are also trained in Safe Recruitment. (Training is explained more fully below).

The Headteacher and DSL will ensure that the school provides written referrals (on any required form) and recognizes the importance of attendance at all meetings called when there is a concern regarding the safeguarding of a student. All children who are deemed 'children in need' or 'looked after children' will have their own file and a chronology sheet regularly updated. The Designated Safeguarding Lead or the students Guidance Counsellor will attend all relevant meetings.

Procedure for reporting disclosures or suspicions of abuse or neglect

Anyone can raise a concern, you don't have to be a member of staff to notice that a child is at risk.

- **Raise the concern with the schools designated safeguarding lead (DSL)**, or if the DSL is not available, the deputy DSL (DDSL) or the Head Teacher.
- **Refer your concerns directly to local Children's Services** directly as well via the Torbay Safeguarding Children Board's 'hub' 208100 (all further contact details at the end of this policy) or the Early Help Centre on 208525.
- **Where there is risk of immediate serious harm to a child** then a referral should be made to the police (999) immediately. If there is no immediate risk of harm, the 101 police number can be used or the referral can be made to the 'hub' as indicated above.
- **If the child's situation does not appear to be improving, after the DSL is made aware**, the staff member who raised the concern should press for re-consideration.

Whistleblowing Policy

Whistleblowing is exposing organisational misconduct, dishonesty, illegal or unethical activity. If an individual working for EF Academy Torbay has a genuine belief that managers or colleagues are not acting appropriately, including responding to allegations of abuse or harm, the individual is obliged to raise this at the most appropriate level. The school's whistleblowing process enables workers to do this safely and without reprisal within EF Academy Torbay wherever an individual may work.

Designated Safeguarding Governor

Our school's designated safeguarding governor (DSG), (currently Anna Ireland), will act as the link person between the governing body and the Designated Safeguarding Lead. This governor will review safeguarding procedures/practices including access to training through meetings with the Designated Safeguarding Lead and the SLT. The Head Teacher will ensure that sufficient time is given to carry out the duties including accessing training. Where safeguarding concerns arise regarding a member of staff, the safeguarding governor will liaise with the governors board.

Children with Statements of Special Educational Needs

EF Academy Torbay recognises that, statistically, children with behavioural difficulties, disabilities and specific learning difficulties and/or special educational needs are most vulnerable to abuse. All staff that support or care for these children are made aware of the extra need for vigilance for signs of abuse with regards to these children. (See also our SEND Policy.)

Supporting Vulnerable Children and Children in Need

The school recognizes that some children are more vulnerable than others, for example those aged under 16, those for whom this is their first extended stay away from family and friends, children with mental health conditions or chronic medical conditions.

Guidance Counsellors support all students and play an important role in supporting, monitoring and reporting any concerns relating to vulnerable and in need children. Where the school identifies that a child may be more vulnerable, a specific Guidance Counsellor will be allocated to that child and required to undertake a full assessment of the needs of the child. This will include, but not be restricted to the following actions.

- The development of a support plan for the child using Torbay Children's Services Common Assessment Framework documentation.
- Frequent and regular contact with the child's parent(s), to ensure that the parent(s) are aware of the concerns and can contribute toward the support plan.
- Frequent and regular contact with the child's homestay family or house parent.
- Liaison with external agencies to provide support and intervention where necessary, these can include liaison with the child's GP, Torbay and Southern Devon Child and Adolescent Mental Health (CAMH) Services and providers such as Check Point Torbay .

Where a child is identified as being vulnerable, the DSL will review the support plan for the child on a fortnightly basis. This will continue until such times as the school judges, with the parent(s) agreement, that the child is no longer at risk.

Parents

We are committed to working with parents/guardians positively, openly and honestly. We endeavour to make sure all parents/guardians are treated with respect, dignity and courtesy.

EF Academy Torbay will share with parents/guardians any concerns we may hold about their child unless to do so would put the child at risk.

We encourage parents to discuss any concerns they may have directly with the school's Designated Safeguarding Lead and/or with the guidance counselor for their child.

We make parents aware of our Safeguarding policy in the Parent and Student Handbooks and they are told they can view this policy online at

<http://www.ef.edu/academy/campuses/torbay/>

The school shares the common purpose with parents/guardians of keeping children safe from harm and promoting their well-being.

Visitors to the school and to the residences

All non-school staff visitors (other than the post person and deliveries made to reception and visitors who come when there are no students present) **to the school and to the residences** will:

- be required to enter through the front door only;
- have their identification checked and be required to sign in and out in a book placed in the reception for this purpose;
- be issued with a visitors badge which they must wear at all times they are on school/residence property and which has contact details for reporting suspected abuse or disclosures on the reverse side, which will be pointed out to them when it is issued;
- be shown the safeguarding information poster/information quick reference sheet whilst they are still in the reception area, and be advised that the school considers the safeguarding of its students our priority.
- **At our residences**, all non-school staff visitors, including residents' family members, are requested to surrender any mobile phones in their possession that contain a camera/video function for secure keeping kept in reception throughout their visit. Visitors are restricted to the reception area for use of their mobile phone. **Visitors who decline to relinquish such mobile phones do not proceed out of the reception area of each residence.**

At the school and residences, when students are present, visitors will be escorted/supervised during their visit by a member of staff in regulated activity.

Curriculum and Learning (PSHEE); Safeguarding-related Sessions for Students

The school is committed to ensuring that students can develop an understanding of which behaviours help to protect them from risk, or are unacceptable or place them at risk, and the steps they can take to ensure their personal safety and welfare.

To support this we have a rigorous induction programme that encompasses safeguarding presentations from the Police, the school's Guidance Counsellors, the Boarding Team and the Assistant Head Teacher (Pastoral)/DSL.

Throughout the academic year we provide a comprehensive school-wide PSHEE programme to all students (including those for whom it is not required by statute, such as over 16s) in which safeguarding is repeatedly foregrounded, alongside taught PHSEE lessons for our GCSE students. Thus, students age 14 to 19 receive sessions on subjects such as the dangers of drugs and alcohol, how to manage their finances, the dangers of being groomed for CSE or radicalization, healthy relationships and healthy lifestyle choices (including anti-smoking).

Three times per academic year, the school provides all first year students with an 'Enrichment Day' upon which safeguarding subjects are provided by incoming expert providers on issues such as e-safety, anti-smoking, PREVENT.

School assemblies, by academic course, also address safeguarding topics with students and are updated to deal with currently occurring concerns that may arise during the year.

From their arrival at school, our students learn to whom they can talk to about their worries and concerns, both in and out of school and we value and promote their right to be listened to. We are improving our methods of listening to students through creating a student committee that will be concerned with safeguarding and boarding issues for the first time this year.

Please also refer to our PHSEE policy.

Photography and Filming By EF Academy Torbay

Using photographs of children for publication

EF Academy recognizes that the use of photographs on websites and in other publications can pose direct and indirect risks to children and young people, and with regards to this we have put in place the following policy and procedure to address the safeguarding of our students:

- Risk of identifying whereabouts of child to groomers: even though the child's personal identity (full name, address) is kept confidential, we recognise that other details accompanying the photo can make them identifiable and therefore vulnerable to individuals looking to 'groom' children for abuse.
- Risk that photo itself may be used inappropriately by others. Photos can easily be copied and adapted, perhaps to create images of child abuse, which can then find their way on to other websites.

- **Minimising these risks:** we establish the type of images that appropriately represent the organisation and the activity, and we think carefully about any images showing children and young people on our website and in our publications and blogs.
 - **We never supply the full name(s) of the child or children along with the image/s of any publications that are made public. e.g. for marketing purposes.**
 - We only use images of children in suitable dress, recognizing that some activities our students are involved, such as swimming, gymnastics and athletics present a higher risk for potential misuse than others. Thus, our photos of these types of activities focus on the activity rather than a particular child and avoid showing the full face and body of a child. E.g. any photographs of children in the sea or a swimming pool would show them in the water or from the waist or shoulders up only.

When using photographers:

- our specialist marketing staff or teachers leading events provide a clear brief about what is considered appropriate in terms of content and behaviour.
- We issue the photographer with identification, which must be worn at all times they are in school or at our residences or host families' homes.
- We do not allow unsupervised access to children or one-to-one photo sessions at events; e.g. at graduation, our photographs of individual students in their gowns and their diplomas are not taken privately, but in full view.
- We do not allow photo sessions away from the event, for instance at a young person's home getting ready for an event.
- If parents or other spectators are intending to photograph or video at an organised event, we also make them aware of what is permitted and what is not.

Parental permission for use of child's photographs

In signing the terms and conditions to send their child to EF Academy Torbay, parents read a paragraph that says that they and their children agree that a student's name, photograph and achievement details may be used for promotions without written consent at the time or compensation. We also explain this in our parent handbook.

Following best practice, we also ask for the child's permission to use their image at the time of the event. This ensures that they are aware of the way the image is to be used to represent the activity in which they are engaged. We are currently developing a form for this purpose that is suitable for most of the situations that would come up.

The parental consent form covers the use of photographers or filmmakers at school events and the publication of the resulting films or photos.

Reporting and Responding to Concerns regarding Photography and Filming

Children and parents are informed, via the student and parent handbooks, that if they have any concerns regarding inappropriate or intrusive photography, these should be reported to the teachers/other staff member organizing and/or hosting/supervising the event.

These reported concerns are dealt with via the same procedure our other child protection and safeguarding issues, ensuring the DSL is informed by the staff member.

Safeguarding Training and Staff Inductions

Head Teacher

As detailed above, the Head Teacher has LSCB (Torbay) enhanced child protection training renewed by being trained every three years.

DSL/Pastoral Care staff¹

The Designated Safeguarding Lead and those staff with specific responsibility for care (Guidance Counsellors, House Parents, Accommodation Officer, Welfare Support) undertake enhanced child protection training offered by the LSCB (Torbay) and attend refresher training at 2 yearly intervals. All of these staff also receive the school's in-house

¹ Current Torbay Safeguarding Childrens Board Foundation/Level 3 Trained Staff Positions: because of their specific involvement in the pastoral care of students, the training of these staff is refreshed every two years:

Assistant Head Pastoral, DSL
Deputy DSL
House Parents/Assistant House Parents
Guidance Counsellors
Welfare Support
Accommodation Officer

Safeguarding, Reporting Procedures and Safe Working Practice Training each year (as described below for non-pastoral staff).

All Teaching and Non-teaching Staff; New Staff Induction

The Head Teacher and all other school-based and non-school staff, including those engaged in regulated activity and non-teaching staff, undertake appropriate DSL-led in-house training as specified by the Torbay LSCB, to equip them to discharge their responsibilities for safeguarding and child protection effectively. This training is kept current by refresher training at yearly intervals in early September.. All staff, including teachers, tutors, administrative staff, pastoral staff, temporary staff and maintenance personnel, are provided with access to the school's safeguarding/child protection policy and informed of the school's child protection arrangements on induction.

In addition to their general induction from the DSL, and any specialized safeguarding training as laid out above, all new staff receive safeguarding induction training that includes:

- School Safeguarding Policy
- Keeping Children Safe in Education, 2015 Part 1 (and updates regarding FGM and the Prevent Duty)
- The Staff Code of Conduct for Safe Working Practice
- School Safeguarding Quick Reference Sheet (lays out procedure for reporting suspected abuse or disclosures to the designated safeguarding lead and/or Childrens Services/Police.

All staff sign to say that they have read the above documents and completed the specified training within two weeks of the start of the academic year .

New staff members, starting employment at any point during the academic year will be provided with the documents prior to the commencement of their employment and must undertake the specified training within the first week of their employment and sign to say that they have read the documents and completed the specified training within two weeks of the start of their employment.

The DSL also provides *ad hoc* training sessions from time to time on trending issues, on request from staff or line managers, and conducts training audits to assess other safeguarding training needs throughout the school's provision.

(General induction for all staff is given by the Head Teacher or an appropriate person designated by Head Teacher, and includes the Staff Code of Conduct.)

Host families

Host families are safeguarding and EF Academy Torbay reporting procedure trained and refreshed on a two year cycle. All new host families are provided with a handbook, an induction and required to attend in-house safeguarding and reporting procedures training every two years.

Temporary and voluntary staff

Temporary and voluntary staff are made aware of the arrangements for report when they enter the school for the first time, and if they are working in the school or residences for longer than 24 hours they will be given safeguarding training by the DSL or other LCSB Foundation level 3 trained staff (Accommodations Officer, Guidance Counsellor, House Parents, Headteacher).

Student Information

- The school maintains the following information in a separate student welfare file:
- Names (including any previous names), address and date of birth of student
- Names and contact details of persons with whom the student usually resides
- Names and contact details of all persons sharing parental responsibility (if different from above)
- Emergency contact details (if different from above)
- Any relevant court orders in place including any that affect any person's access to the student (e.g. Residence Order, Contact Order, Care Order, Injunctions etc.)
- If the student is or has a Student Protection Plan (formerly known as being on the Student Protection Register)
- Name and contact details of key professionals in other agencies, including GP
- Any other factors which are likely to affect the safety and welfare of the child

- The student welfare file will be kept in a secure filing area and will be transferred to the student's new school upon leaving. The school will collate, store and agree access to this information.

Types of abuse and neglect

Abuse: a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. They may be abused by an adult or adults or another child or children.

Physical abuse: a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Emotional abuse: the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Sexual abuse: involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Neglect: the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Specific safeguarding issues

Expert and professional organisations are best placed to provide up-to-date guidance and practical support on specific safeguarding issues. For example information for schools and colleges can be found on the TES website and NSPCC website. Schools and colleges can also access broad government guidance on the issues listed below via the GOV.UK website:

- child sexual exploitation (CSE)
- bullying including cyberbullying
- domestic violence
- drugs
- fabricated or induced illness
- faith abuse
- female genital mutilation (FGM)
- forced marriage
- gangs and youth violence
- gender-based violence/violence against women and girls (VAWG)
- mental health
- private fostering
- preventing radicalisation
- sexting
- teenage relationship abuse
- trafficking

Further information on Child Sexual Exploitation

Child sexual exploitation (CSE) involves exploitative situations, contexts and relationships where young people receive something (for example food, accommodation, drugs, alcohol, gifts, money or in some cases simply affection) as a result of engaging in sexual activities. Sexual exploitation can take many forms ranging from the seemingly 'consensual' relationship where sex is exchanged for affection or gifts, to serious organised crime by gangs and groups. What marks out exploitation is an imbalance of power in the relationship. The perpetrator always holds some kind of power over the victim which increases as the exploitative relationship develops. Sexual exploitation involves varying degrees of coercion, intimidation or enticement, including unwanted pressure from peers to have sex, sexual bullying including cyberbullying and grooming. However, it is also important to recognise that some young people who are being sexually exploited do not exhibit any external signs of this abuse.

Further information on Female Genital Mutilation

Female Genital Mutilation (FGM): professionals in all agencies, and individuals and groups in relevant communities, need to be alert to the possibility of a girl being at risk of FGM, or already having suffered FGM. There is a range of potential indicators that a child or young person may be at risk of FGM, which individually may not indicate risk but if there are two or more indicators present this could signal a risk to the child or young person. Victims of FGM are likely to come from a community that is known to practise FGM. Professionals should note that girls at risk of FGM may not yet be aware of the practice or that it may be conducted on them, so sensitivity should always be shown when approaching the subject. Warning signs that FGM may be about to take place, or may have already taken place, can be found on pages 16-17 of the Multi-Agency Practice Guidelines referred to above. Staff should activate local safeguarding procedures, using existing national and local protocols for multi-agency liaison with police and children's social care.

Further information on Preventing Radicalisation

The Counter-Terrorism and Security Act, which received Royal Assent on 12 February 2015, places a duty on specified authorities, including local authorities and childcare, education and other children's services providers, in the exercise of their functions, to have due regard to the need to prevent people from being drawn into terrorism ("the Prevent duty").

The Counter-Terrorism and Security Act 2015 will also place a duty on local authorities to ensure Channel panels are in place. The panel must include the local authority and chief officer of the local police. Panels will assess the extent to which identified individuals are vulnerable to being drawn into terrorism, following a referral from the police and where considered appropriate and necessary consent is obtained, arrange for support to be provided to those individuals. The Act will require partners of Channel panels to cooperate with the panel in the carrying out of its functions and with the police in undertaking the initial assessment as to whether a referral is appropriate. Schools and colleges which are required to have regard to Keeping Children Safe in Education are

listed in the Act as partners of the panel. The relevant provisions of the Act will come into force on 12 April 2015 and many local authorities already have Channel panels set up in their area.

(Keeping Children Safe in Education 2015)

Staff must immediately report:

- any concern they have about a student who has suffered an injury, or is marked, or bruised in a way which is not obviously related to the normal knocks or scrapes received in play
- any explanation offered, by child, parent or carer, which appears inconsistent or dubious
- any behaviour or change in behavior which could suggest that a child may have been abused (e.g. strange drawings or play, withdrawn)
- any comments children make which give cause for concern
- any worries that a child may be suffering from inadequate care, ill treatment, or emotional maltreatment
- any concerns that a child is displaying signs or symptoms of abuse or neglect
- any major changes in a child's behaviour, including non-attendance or tardiness
- any suggestion or disclosure of abuse from any person
- any concerns related to person(s) who may pose a threat to children (e.g. living in a household with children present)

Responding to Disclosure

EF Academy Torbay acknowledges that those who disclose such sensitive information may do so with reluctance or difficulty, having chosen carefully to whom they will speak. Therefore, all staff will handle disclosures with extreme sensitivity. Such information cannot ever remain confidential and staff will immediately relay what they have been told to the designated safeguarding lead and make a record of the exchange.

It is not the responsibility of staff to investigate. They should try to glean enough information to hand on to the designated safeguarding lead in order that s/he can make an informed decision of what to do next.

In the case of a disclosure, staff should:

- not make promises of confidentiality, there is a duty to share this information and for the designated safeguarding lead to refer to Children's Services and/or the police
- listen to what is being said, without demonstrating shock or disbelief
- accept what is said
- reassure the child, but only as far as is sincere, don't make unrealistic or inappropriate promises
- reassure and alleviate guilt, if the child makes reference to it. For example by saying, "You're not to blame", "none of this is your fault"
- not interrogate the child in any way; it is not appropriate to carry out any kind of investigation
- absolutely avoid leading questions (e.g. "Were you touched in an inappropriate place?"); ask open questions such as "Anything else you would like to tell me?" Use TED questions (Tell, Explain, Describe)
- avoid asking the child to repeat the disclosure for another staff member
- explain in an appropriate manner what needs to be done next and who will be informed
- write up the conversation as soon as possible afterwards; staff should bear in mind that taking notes during the disclosure itself may not be appropriate to the situation
- record the date, time, place, any non-verbal behavior, and write down as far as is possible, the words used by the child (do not paraphrase)
- record only statements and the observable - avoid interpretations or assumptions.
- IF THE CHILD DISCLOSES ANYTHING THAT WOULD LEAD YOU TO BELIEVE THAT A CHILD IS IN DANGER OR A CRIME HAS BEEN OR IS LIKELY TO BE COMMITTED, CALL 999 IMMEDIATELY AFTER THE DISCLOSURE AND INFORM THE POLICE. Afterwards, inform the DSL that you have done this.

Action by the Designated Safeguarding Lead (DSL) (or deputy, or other senior staff member in their absence)

Following a disclosure, the DSL will consider:

- any urgent medical needs of the child
- whether to make an immediate child protection referral to social care because a child is suffering or is likely to suffer significant harm and if this needs to be undertaken immediately OR not to make a referral at this stage

The local safeguarding board must be informed and provided with the evidence within 24 hours of a disclosure or suspicion of abuse and that the school will take no further action until the advice of the local safeguarding board has been obtained.

- whether an early help assessment is needed
- whether further monitoring is necessary
- wherever is possible, to inform parents, unless to do so could place a child at risk of significant harm, compromise any criminal investigation and/or place the member of staff or others at risk

If there is room for doubt as to whether a referral should be made, the DSL may consult with the TSCB hub or early help advisors on a “no names basis” without identifying the family or the child. However, as soon as sufficient concern exists that a child may be at risk of significant harm, a referral will be made without delay. If the initial referral is made by telephone, the DSL will confirm the referral in writing to the TSCB hub within 24 hours. At all times the DSL will ensure the child’s wishes or feeling are taken into account when determining what action to take and what services to provide.

Recording and monitoring

The school will record:

- any disclosures/accounts from the child or others, including parents (keeping original notes, signed and dated)
- all concerns, discussions, summary of meetings, decisions, actions taken (dated, timed and signed) and specific arrangements for further monitoring/review.

All Child Protection documents on a child will be kept securely in a welfare file, separate from the child’s main file. This will at all times be locked away and only accessible to the Head Teacher and/or DSL.

These records will be duplicated and transferred to any school or setting the child transfers to, clearly marked “Child Protection, Confidential, for attention of Designated Senior Person Child Protection”.

Reporting procedures regarding allegations or suspicions of abuse against staff or volunteers.

The following reporting procedures must be followed by all staff:

- Allegations against staff and volunteers are reported to the Head Teacher or the designated safeguarding lead (DSL). If the report is made to the DSL about a member of staff or volunteer, the DSL informs the Head Teacher.
- Allegations or suspicions of abuse against the DSL are reported to the Head Teacher.
- Allegations or suspicions of abuse against the Head Teacher are reported to the Chair of Governors without informing the Head Teacher.

Where an allegation is made against any person working in or on behalf of EF Academy Torbay that he or she has:

- behaved in a way that has caused harm to a child or may have caused harm to a child;
- possibly committed a criminal offence against or related to a child; or
- has demonstrated behaviour towards a child or children that suggests that s/he is unsuitable to work with children;

any such allegation should be reported immediately to the DSL or Head Teacher as described above.

The DSL/Head Teacher must inform the LADO immediately and within one working day of all such allegations that come to an employer's attention of that are made directly to the police. All allegations must be reported to the LADO by the DSL or Head Teacher in the first instance before investigation commences. The LADO provides advice and presides over investigation of allegations or suspicions of abuse directed against anyone working in the school. The LADO must be informed of all allegations that come to the employer's attention.

EF Academy recognises that such allegations, (as all others), may be untrue, malicious or unfounded. Staff are advised to bear this in mind at all times, maintain professional boundaries and be careful not to place themselves in a position which could lead to such an allegation. Safe Working Practice training, the School's Code of Conduct for Safe Working Practice and access to the DfE's Guidance Working Together to Safeguard Children 2015 are provided for this purpose.

- Where an allegation is made against a member(s) of the boarding team, who normally lives in the student residence, the school will make alternative arrangements to accommodate that individual(s) away from all student residences.

Situations to avoid include:

- being alone with a student in a classroom with the door closed (including during any form of one-to-one tuition);
- allowing students to sit directly next to a driver in the passenger seat of a school related vehicle, e.g. a teacher's car or a taxi;
- do not offer students a lift in your car unless not to do so would put the student at greater risk;
- wearing inappropriate dress for the situation;
- contact with students on social networking sites/exchanging emails or other forms of electronic communications unless strictly related to school matters and on the school's email addresses and/or school network to enable monitoring
- initiating any kind of physical contact with any student

Staff should refer to the Code of Conduct for Safe Working Practices and the DfE publication 'Working Together to Safeguard Children' for those working with children and young people in education settings 2015' for further advice, revisit the training materials on the G-drive and provided in the staff room or ask the DSL if they are in doubt about any situation.

Initial Action when there has been an allegation against staff or volunteers:

- The staff member who is witness to an allegation or observed an event must inform the DSL, the Head Teacher or the Governor with Safeguarding Responsibilities (Anna Ireland) immediately, as described above.
- If an allegation is made against the school Head Teacher, the matter will be reported to the Deputy Head Teacher who will proceed as the "Head Teacher" until the Chair of Governors is informed and makes a decision as to who will proceed as Headteacher.
- The LADO must be informed immediately and within one working day of all such allegations that come to the attention of the Headteacher/DSL or that are made directly to the police. All allegations must be reported to the LADO by the DSL or Headteacher in the first instance before investigation commences. The LADO provides advice and presides over investigation of allegations or suspicions of

abuse directed against anyone working in the school. The LADO must be informed of all allegations that come to the employer's attention.

- The Head Teacher (or person who is proceeding as 'Head Teacher') will take steps, where necessary, to secure the immediate safety of children and any urgent medical needs.
- The Head Teacher / DSL must obtain written details of the allegation, signed and dated by the person receiving the complaint, or allegation.
- The Head Teacher / DSL must record any other information in relation to time, dates and location of incident(s) and names of any potential witnesses.
- The staff member will not be approached at this stage unless it is necessary to safeguard the immediate safety of children.
- The Head Teacher / DSL may require to clarify any information associated with the allegation, however no individual will be interviewed at this stage.
- Consideration will be given throughout to the support and information needs of students, parents and staff.
- The Head Teacher / Safe Guarding Governor / DSL will inform the Chair of Governors who will inform the President of EF Academy of any allegation.
- Where a member of staff has harmed, or poses a risk to harm, to a child, or if there is reason to believe a member of staff has committed one of a number of listed offences and who has been removed from working in regulated activity, or would have been removed had they not left, then the school will report such to the DBS.

Procedures for dealing with abuse by one or more students against another student

As well as having a right to attend school and learn in a safe environment free from harm by adults, our students have a right to also be free from harm from other students. We recognise that some students will sometimes negatively affect the learning and wellbeing of others and their behaviour will be dealt with under the school's Rewards, Behaviour and Sanctions Policy. Sanction procedures are incorporated in EF Academy Torbay's Rewards, Behaviour & Sanctions Policy and Grid, and with reference to the Anti-bullying Policy. An allegation of abuse would immediately become a 'high' level matter with the possibility of exclusion or expulsion to be dealt with the by HeadTeacher.

Safeguarding allegations against other students

Safeguarding issues raised in this way may include physical abuse, emotional abuse, sexual abuse and sexual exploitation. It is likely that to be considered a safeguarding allegation against a pupil, some of the following features will be found.

The allegation:

- is made against an older student and refers to their behaviour towards a younger child or a more vulnerable child;
- is of a serious nature and possibly includes a criminal offence;
- raises risk factors for other children in the school;
- indicates that other children may have been affected by this student;
- indicates that children or young people outside the school may be affected by this student

Examples of safeguarding issues against a student could include:

Physical Abuse

- violence, particularly pre-planned
- forcing others to use drugs or alcohol

Emotional Abuse

- blackmail or extortion
- threats and intimidation

Sexual Abuse

- indecent exposure, indecent touching or serious sexual assaults
- forcing others to watch pornography or take part in sexting

Sexual Exploitation

- encouraging other children to attend inappropriate parties or engage in sexual acts
- photographing or videoing other children performing indecent acts

The school recognizes that older students may attempt to influence the behaviour of younger students using any or all of the above methods, and that children suffering from sexual exploitation themselves may be forced to recruit other children under threat of violence.

Minimising the risk of safeguarding concerns towards students from other students

On occasion, some students will present a safeguarding risk to other students. The school should be informed by their family that the young person raises safeguarding concerns, e.g. if they are coming back into school following a period of expulsion from another school for bullying, or have been in custody for an assault, or they have experienced serious abuse themselves. Due to the nature of our student body being from all over the world, we can only do this to protect students if families inform our offices in their nation.

These students will need an individual risk management plan to ensure that other pupils are kept safe and they themselves are not laid open to malicious allegations. There is a need to balance the tension between privacy and safeguarding.

When an allegation is made by a student against another student:

The DSL and other key members of staff consider whether the complaint raises a safeguarding concern. (If the initial staff dealing with the student/s who makes the disclosure determine or suspect that there is a safeguarding concern, the Designated Safeguarding Lead (DSL) should be informed immediately, just as they would if it is an adult perpetrator.)

A factual record will be made of the allegation, but no attempt at this stage will be made to investigate the circumstances.

The DSL contacts social services to discuss the case. It is possible that social services are already aware of safeguarding concerns around this young person. The DSL will follow through the outcomes of the discussion and make a social services referral where appropriate.

The DSL will make a record of the concern, the discussion and any outcome and keep a copy in the files of both students' files.

If the allegation indicates a potential criminal offence has taken place, the police will be contacted at the earliest opportunity and parents informed (of both the student being complained about and the alleged victim).

It may be appropriate to exclude the student being complained about for a period of time according to our Rewards, Behaviour and Sanctions policy and procedures.

Where neither social services nor the police accept the complaint, a thorough school investigation should take place into the matter using the school's usual disciplinary procedures.

In situations where we consider a safeguarding risk is present in the form of a student enrolled at our school, a risk assessment will be prepared along with a preventative, supervision plan. We will monitor the plan, and set a date for a follow-up evaluation with everyone concerned.

Any deficiencies or weaknesses in our Safeguarding Procedures will be remedied immediately by the Designated Safeguarding Lead and the Headteacher when they become or are made aware of such weakness or deficiency.

This policy was approved by the School Board on 14.01.2016
